

The  
**INNOVATION NETWORK FOR  
ADVANCED MATERIALS** presents

# ADMACAMP

THE ADVANCED MATERIALS ONLINE BOOTCAMP

# ABOUT **ADMACAMP**

What is the Advanced  
Materials Online  
Bootcamp?

**AdMaCamp is an Online Bootcamp for  
early-stage Materials Science start-ups.**

ADMACAMP will take place from

**11 - 15 May 2020**

It will begin with a Kick Off event on the Monday and finish with start-up pitches at the virtual Demo Day on the Friday.

During the week, the start-ups will be participating in pitch trainings, mentoring sessions and workshops during the week.

# THE BENEFITS OF **ADMACAMP**

## **DIRECT INVESTOR ADVICE**

Pitch in front of our panel of investors and receive direct feedback that could help differentiate you from the competition.

## **PITCH TRAININGS**

Learn the ins and outs of pitching to different audiences both in person and online.

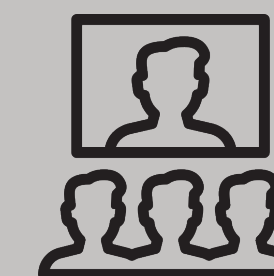

## **MENTORING SESSIONS**

Receive support on product development, business development and IP guidance from our extensive INAM network of experts.

## **IP STRATEGY GUIDANCE**

Intellectual property is one of the most valuable assets of a startup, so you will learn from our experts & experienced founders.

## **ONLINE DEMO DAY**

Take everything you learned and bring it in front of our jury of experts and an audience of industry professionals, investors & more!

# **APPLY NOW** for ADMACAMP

# ABOUT INAM

**INAM is a global network of companies and research institutes in the field of Advanced Materials.**

We help find solutions for the material challenges of the future. Our goal is to enable the right connections and make technological innovations become reality. We do this by working closely with startups, SMEs, corporations and research institutes to start, grow and transform the development of Advanced Materials.
